Lip na Cloiche, a densely-planted garden on the north-west coast of Mull, enjoys stunning views over Loch Tuath and the Isle of Ulva. Imaginative use of 'found' objects integrates garden and landscape.

A wide range of home-propagated plants is for sale, from the impressive variety of shrubs, herbaceous plants and small trees in the garden.

Crafts and cards made from 'found' materials are also on sale.

Lip na Cloiche is about 40 minutes from both Craignure and Tobermory. The garden is open from dawn to dusk, year-round and there is no entrance charge.
